

U!Fi LTE Modem E5573Bs-320

interface	USB and Wi-Fi
Wi-Fi connection	up to 10 devices
USB connection	1 device
frequency	<p>TE FDD: B1/B3/B5/B7/B8/B20</p> <p>DC-HSPA+/HSPA+/HSPA/UMTS: B1/B5/B8</p> <p>EDGE/GPRS/GSM: B2/B3/B5/B8</p> <p>WLAN: 2.4 GHz, 5 GHz</p>
speed of data exchange	<p>LTE FDD (DL) data service of up to 150 Mbit/s</p> <p>LTE FDD (UL) data service of up to 50 Mbit/s</p> <p>DC-HSPA+ (DL) data service of up to 43.2 Mbit/s</p> <p>HSPA+ (DL) data service of up to 21.6 Mbit/s</p> <p>HSDPA (DL) data service of up to 14.4 Mbit/s</p> <p>HSUPA (UL) data service of up to 5.76 Mbit/s</p> <p>UMTS data service of up to 384 kbit/s</p> <p>EDGE data service of up to 236.8 kbit/s</p> <p>GPRS data service of up to 85.6 kbit/s</p> <p>WLAN: IEEE 802.11a/b/g/n</p>
memory	128 MB Flash, 128 MB DDR SDRAM

compatibility with operational systems	Windows Vista SP1/SP2, Windows 7, Windows 8, Windows 8.1 (does not support Windows RT), MAC OS X 10.7, 10.8 and 10.9 with latest upgrades
size	96.8 mm×58.0 mm×12.8 mm
weight	About 73 g (including the battery)
temperature	Operating: 0°C to +35°C Storage: -20°C to +60°C
battery	Li, 1500mAh working capacity: up to 6 hours standby time: up to 300 hours (depending upon network)

The modem allows you to access the internet via LTE, 3G or Wi-Fi. When you are using the modem in areas with a Wi-Fi hotspot, for example, an airport, a cafe, a hotel, or your home, the E5573Bs-320 switches to Wi-Fi connection automatically, saving your LTE/3G network traffic fees.

price	
24 months commitment with 3500 AMD monthly fee	5000 AMD
24 months commitment with 6000 AMD monthly fee	2000 AMD
24 months commitment with 8000, 11 000 or 15 000 AMD monthly fee	1 AMD
12 months commitment with 7000 AMD monthly fee	4000 AMD
12 months commitment with 9000, 12 000, 16 000 AMD monthly fee	1 AMD

Without commitment	39 000 AMD
