

Now all **Ucom Mobile Internet** subscribers (except **Internet Daily**, **U!Tab** and **U!Box**) no longer need to worry when the high-speed traffic of the monthly subscription is consumed by the end of the month at the most inconvenient moment.

You can buy additional high-speed internet bundles and pay for the volume of high-speed internet traffic you will need until the end of the month.

We offer the following 3 high-speed bundles of internet:

| | | |
|--|--|--|
| 1000 AMD 1 GB keyword 1GB | 1500 AMD 4 GB keyword 4GB | 2000 AMD 6 GB keyword 6GB |
|--|--|--|

In order to activate high-speed internet bundles you need to send an SMS from your modem interface to **111** short number with **1GB**, **4GB** or **6GB** keywords respectively.

Unused volume of high-speed traffic from the activated bundles will not be transferred to the next month.

From now on you can buy additional high-speed bundles also from your credit limit. You need to pay for your used credit limit up to 20th day of the upcoming month together with your monthly fee.

Additional services/bundles are activated after receiving the SMS confirmation message/notification.
