

From now on all **Ucom** Mobile Internet customers (except for **U!Box** customers) can benefit from high-speed internet whenever needed.

Simply activate “**High-speed internet 24 hours**” option and enjoy unlimited high-speed internet at a speed of up to 21.6 Mbps* throughout the day.

daily fee	unlimited high-speed internet	activation
200 AMD (first activation for free)	24 hours	send 24 digits to 111 short number

You can activate this option also through *111*2#, via [My Account page](#) or by visiting any [Ucom service center](#).

“**High-speed internet 24 hours**” option can be activated only after consuming the high-speed internet volume (if any) and will be active during 24 hours.

Postpaid internet customers can activate the service from both positive and credit limit balance. Used credit limit balance will be subject to pay until the 20th of the following month together with your monthly fee.

*Subscribers of [U!Flash 8000](#) and higher tariff plans can benefit from internet at a speed of up to 42.2 Mbps in 90% of populated areas of Armenia.

Additional services/bundles are activated after receiving the SMS confirmation message/notification.
