\*Starting 06.05.2026 the monthly fee of Level Up+ 2000 prepaid tariff plan will become 2200 drams. The new inclusions will go into effect on 6th May, 2026 after the package is reactivated.

The tariff plan inclusions will be valid for 30 days. After 30 days, the inclusions will be automatically reactivated and the corresponding fee will be charged from your account.

You can check your inclusions by dialing \*133# and choosing the “Inclusions”.

After 30 days, if there are insufficient funds in your account, the inclusions will not be reactivated and you will continue using Ucom services at standard rates according to your tariff plan. To reactivate the inclusions, you need to recharge your account with an amount equal to the inclusions' fee.

You can change your tariff plan to another one any time, by simply dialing the corresponding code of the preferred tariff plan, or dialing \*550# or just calling 550 short number and following the instructions.

When migrating to a new tariff plan, the minutes, SMSes and MBs provided by the previous tariff plan will be annulled, and the inclusions corresponding to the new tariff plan will be provided. When choosing a new tariff plan, you should have enough funds in your account to activate the inclusions of the new tariff plan.

In order to use the mentioned applications and websites smoothly and fully, you need to have a positive balance in your account. When using those websites and applications, it is possible to exchange data with other internet resources, for which the charge will be made in accordance with your tariff plan.

We recommend that you use the updated versions of the mentioned applications, otherwise, you will be charged in accordance with your tariff plan when using the apps.

You cannot use the included minutes to make video calls.

The reactivation of the inclusions will start 10 minutes prior to the end of the validity period. Before the reactivation starts, you should have enough funds in your account to reactivate the inclusions. You can use the inclusions provided within the tariff plan/package, once you have received the confirmation SMS message/notification.

During the reactivation of tariff plan inclusions, it is recommended not to use voice, internet, or SMS services, as due to technical system limitations, package activation may fail because of insufficient balance.

The tariff plan inclusions cannot be used when in roaming.

The internet sharing and the use of the shared internet from other devices (Tethering) might be limited.

The Level Up+ tariff plan is intended for smartphone use only.

In addition to the above-mentioned applications that are made available without consumption of the megabytes, your Level Up package will include www.ucom.am website, ArCa, uPay, IDram and Ucom applications, as well as a number of educational websites, such as [www.kahoot.com](http://www.kahoot.com), [www.etwinning.net](http://www.etwinning.net), [www.emis.am](http://www.emis.am), [www.armedu.am](http://www.armedu.am), [www.e-school.am](http://www.e-school.am).
