Negative Balance

You can activate [paid](#) services using your negative balance and send SMSs. The credit limit will be available for use 15 days after subscription.

If necessary, you can reduce your negative balance, set under your tariff plan, to 500 AMD, by calling [444](#) or visiting any sales and service center of [Ucom](#).

- The Subscription Agreement for [U!Go](#) is concluded for an indefinite period, with 12 or 24 months' commitment. This commitment is deemed fulfilled, if the subscriber has paid monthly fees for 12 or 24 months (monthly fee for 12 or 24 months includes full monthly fees for 11 or 23 months, as well as the amount calculated for the period from the subscription date till the 1st day of the following month).
- The Commitment Period consists of the first full month, in which the given commitment agreement was signed, and the following months during which more than half of the monthly fee for your current tariff plan was charged for all the services included in your tariff plan.
- 12 or 24 months' commitment ends on the last day of month, when the payment of the 12th or 24th monthly fee is performed. For example, if you've subscribed on October 5, 2016 and every month you have paid both your monthly fee and for the services used from your negative balance, then in case of 24-month subscription, your commitment will end on September 30, 2018.

After expiry of 12 or 24 months' commitment, the Subscription Agreement will continue remaining in force, unless terminated by subscriber by visiting a sales and service center of [Ucom](#).

From March 11, the ability to send SMS abroad from the mobile Internet number will be suspended. Continue sending SMS to local networks.
