

With the help of **U!Fi** you can benefit from high-speed internet access and create your personal **Wi-Fi** zone anywhere within Ucom mobile network, even on the go. When connecting to **4G+/LTE Advanced** network in Yerevan via this device you will be able to enjoy the internet speed of up to 150 Mb/sec and the 3G+ network in regions will enable you to benefit from the speed of up to 42.2 Mb/sec.

U!Fi modem gives an opportunity to connect up to 10 devices to the internet, both through **Wi-Fi** and USB cable, which means that you can connect to **U!Fi** not only tablets, smartphones and netbooks, but also one desktop computer.

You can start surfing the web from the moment you purchase your **U!Fi**. It doesn't require any long or difficult installation process.

Simply choose one of the monthly fees for either 12 or 24 months commitment and get a chance to acquire **U!Fi** starting from 1 AMD.
