per month

up to 72 Mb/s*

Join **uNet** and enjoy the fastest broadband internet connection in Armenia. Our network, built using the latest technology, enables an internet connection via optical fibers at the bandwidth frequency of up to 1000

* Speed is available via wired connection. The speed may be affected by the technical capabilities of the dispersive device, the sensitivity of the Wi-Fi receiver and the surrounding Wi-Fi noise.

Within the framework of the special offer the subscribers of the Ucom's fixed services will benefit from the inclusions of their current tariff plan with [discounts](#)

*In some areas of the Republic of Armenia the service may be unavailable yet due to the technical features of the network. Please, check the availability of your address at Ucom sales and service centers or by calling 0114444444 or 444.
