

If you already have active **Unlimited 3-in-1** option you will continue benefitting from it unless you deactivate it or migrate to other tariff plan for which this option is not applicable.

With Unlimited 3 in 1 option you pay once and enjoy unlimited calls and SMS within Ucom mobile network and unlimited access to mobile internet at the same time.

Unlimited 3 in 1: 1 day for 150 AMD

Each 24 hours you will be charged with 150 AMD and this option will be automatically reactivated.

Unlimited 3 in 1: 7 days for 700 AMD

Each 7 days you will be charged with 700 AMD and this option will be automatically reactivated.

In **Unlimited 3 in 1** option, the Internet speed is up to 512 kb/sec both upload and download.

According to fair usage policy you cannot send more than 500 SMS per day. In this case a maximum of 500 SMS is calculated every day starting from 00:00am till 24:00pm.

The option's reactivation will start 10 minutes before the expiration of your active unlimited option. Before the reactivation starts you should have enough balance for the new option's reactivation. During that period you will not be able to change or deactivate your current unlimited option. Additional services/bundles are activated after receiving the SMS confirmation message/notification.

If you don't have enough credit on your account, the option will be simply frozen and then reactivated automatically after you recharge your account. Please, note that after the reactivation there has to be at least 50 AMD remaining on your account, otherwise the option will not be reactivated.

You can stop the automatic reactivation of this option any time by dialing ***129*20#OK**. After you deactivate the option you will not be able to activate it again, as this option is no longer available.
